PUBLIC SERVICE COMMISSION OF WISCONSIN

Notification by Bonduel Telephone Company, Inc.,
That It Intends to Increase Telephone Rates

640-TR-105

NOTICE OF INVESTIGATION AND ASSESSMENT OF COSTS

On July 10, 1998, the Public Service Commission (Commission) received notification from Bonduel Telephone Company, Inc., (TDS Telecom) that it intends to modify rates for several classifications of telephone service at its Bonduel exchange in Waupaca and Shawano Counties. The changes include increases in prices for local service, some nonrecurring services, directory assistance, directory listings, and custom calling features. Some rates and charges are being reduced or eliminated. The utility served notice of the rate changes to its customers on July 19, 1998. Under § 196.215(3)(a), Stats., the proposed rates will become effective September 19, 1998. Customers have the opportunity to petition the Commission for an investigation of the utility's rate increase.

NOTICE IS HEREBY GIVEN that the Commission will investigate this matter under § 196.215(3)(a), Wis. Stats. If the Commission receives a timely petition (by September 19, 1998) from at least 149 customers of the utility requesting that the Commission determine rates, tolls, and charges, the utility's proposed increases may still go into effect; however, the rates will then be subject to refund and further investigation will be necessary.

NOTICE IS FURTHER GIVEN that the Commission deems it necessary in order to carry out its duties herein to investigate the books, accounts, practices and activities of Bonduel Telephone Company, Inc., as a public utility. The expenses incurred or to be incurred by the Commission which are reasonably attributable to such investigation will be assessed against and collected from Bonduel Telephone Company, Inc., as a public utility, in accordance with the provisions of § 196.85, Stats., and ch. PSC 5, Wis. Adm. Code.

This action is classified as a Type III action according to § PSC 4.10(3), Wis. Adm. Code. Furthermore, since no unusual circumstances have come to the attention of the Commission which indicate that significant environmental consequences are likely, neither an environmental impact statement under § 1.11, Stats., nor an environmental assessment is required.
